

Dispensing Pharmacy List

To mitigate the risk of misuse, abuse, addiction, overdose and serious complications due to medication errors, FDA requires pharmacies who dispense products in this class to register with the Transmucosal Immediate Release Fentanyl (TIRF) Risk Evaluation and Mitigation Strategy (REMS) program. The pharmacy locations listed below are registered with the TIRF REMS Access program, dispensed SUBSYS within the last 6 months, and to the best of our knowledge continue to dispense SUBSYS to patients with valid prescriptions.
